Café Mambo Announces Summer 2015 Opening

11th February, 2015

Café Mambo, one of Ibiza's most beloved venues, has announced that it will be opening its doors to revellers this summer on Friday, 15th May.

The venue, located on San Antonio's famous sunset strip, celebrated its 20th birthday in 2014, during what was one of their most successful years to date.

2015 will see Café Mambo return to form, serving food and cocktails in one of the world's most famous sunset spots and hosting DJ line-ups to rival the biggest Ibiza clubs.

Further details have yet to be announced, but previous artists to have played Café Mambo include the likes of Pete Tong, Carl Cox, Solomun, Bob Sinclair, MK, David Guetta and Guy Gerber.

Mambo Brothers, Christian and Alan Anadon said: "We have so many great memories from the last 20 years – and can hardly believe how fast it has gone by. We can't wait to share 2015 with all of you who make every moment of summer so special. Thank you, and let's toast to many more! See you this summer in Ibiza!"
